- Drafting – various disciplines

---

## **JUNIOR DRAFTER**

This is an entry level position providing an opportunity for someone seeking to establish a career in mechanical/structural drafting/designing.

To succeed in this position you will need;

- Completed or undertaking study of Certificate III/IV CAD/Drafting – TAFE; or
- Completed or undertaking study of Diploma in Mechanical Engineering – TAFE
- Demonstrated interest in or aptitude for drafting/engineering.
- Excellent communication skills.
- Ability to work within a small team.

You will receive invaluable on the job training, particularly in CAD and Inventor and will gain experience with a variety of work as you are moved between PEA's Wollongong office and client site offices in the area.

Ideally suited to applicants with up to 2 years experience.

**This position is offered to current Australian residents as a permanent or contract role with opportunities for Employee Share Ownership and a great working environment.**

**Only those applicants short listed will be contacted.**

Confidential enquiries and further information may be obtained by contacting Peter Harris on 02 42535611
